Lathrop City Park Splashpad

An upcoming universally inclusive splashpad where ALL kids of all abilities can play side by side.

Where **limitations** are forgotten,
and **differences** are celebrated.
Our Story

Natalie MacKay founded Unlimited Play in 2003. With a background in Recreation Management and the mother of a child with a severe disability, Natalie recognized the distinct difference between a typical ADA compliant playground and one that is truly inclusive and would allow her son, Zachary, to play. She now dedicates her life to transforming playgrounds, while teaching communities to value both their similarities and differences of all children.

Unlimited Play is a 501(c)3 non-profit organization that helps to plan, design and build fully accessible playgrounds. Unlimited Play playgrounds allow all children—regardless of their abilities—to play together. A valuable resource in our community, Unlimited Play has unique expertise in this area, and is available to assist in the development of inclusive playgrounds that promote dignity, understanding and respect among children. In 2016 Little Tikes Commercial and Unlimited Play announced a partnership to help provide the magic of outdoor play to children of all abilities.

To be located at Lathrop City Park in Lathrop, Missouri - a place where limitations will be forgotten and differences are celebrated!
